

To Whom It May Concern,

This letter has been prepared to support the application of planning application for alteration of shopfront. It has been used same design and material (aluminium) and as it can be seen below images, previous shopfront seemed so old and neglected. In order to give enough respect to the spirit of neighbour, it has been used new materials to match rest of the street. Besides, previous tenant (Costcutter) had cancelled the door entrance of 155 Highgate Road. Thus, instead of keeping non used door in new design, it has been altered with glass.

Previous Shopfront

We believe that the aim of our proposed design is only to contribute in good way to neighbour.

Existing Shopfront

27 Old Gloucester Street, WC1N 3AX, London, United Kingdom

info@echinusdesignstudio.com

Furthermore, new sign fascia has given more modern and new character to existing building.

Your sincerely,

Ekin Albayrak
Director
