

REDINGTON FROGNAL
NEIGHBOURHOOD FORUM

2 November, 2022

Dear Ms Ly,

Planning application 2022/4138/P: 45 Hollycroft Avenue – part objection

Thank you for the opportunity to comment on this planning application.

The Neighbourhood Forum objects to the installation of roof that lights on the rear roof slope. This would introduce pollution and light spillage to the rear of the property and would be contrary to policy BGI 3. Rear gardens in the Plan area are designated a local Ecological Network, as set out in the Rationale and Evidence to policies SD 1 and BGI 1.

It is important to ensure that the impact on the bats and owls foraging and commuting here is minimised and that the important rear garden tree corridors are protected from light spill.

Yours sincerely,

Secretary

Redington Frogna! Neighbourhood Forum
