2022/2597/P	Michael Rose	30/10/2022 11:15:20	WREP	Dear Sirs,

We are concerned that the proposed new roof extension does not adequately take into account the proximity and relative heights of our adjacent building, Old Hall Lodge which we own and occupy. There is already a large height difference between the rooflines of the two properties.

The proposed roof extension further raises the parapet which will decrease the visible sky component from within Old Hall Lodge, also resulting in reduced outlook and enjoyment of the garden (including reduction of evening sunlight to the rear of the garden.)

A report demonstrating that the proposal will not impact beyond BRE thresholds will be welcome.

Kind regards
Michael and Inga Rose
