2022/4660/T	Susan Cooksley	07/11/2022 11:01:16	OBJ	No reason is given for cutting down the maple tree. No tree should be cut down in this area without an overwhelming reason, such as imminent and real danger. This application should be denied unless such a reason can be demonstrated by an independent third party. Every tree that is removed destroys the area a little more: no tree can be cut down without a reason in a conservation area. People moving in know that there are trees, and that they require maintenance.
2022/4660/T	David Curtin	02/11/2022 10:24:14	OBJ	I strongly object to this application. The trees in South Hamstead contribute importantly to the unique nature of the neighbourhood. Each tree we lose in the front gardens of the houses detracts permanently from the environment and ambience of this area.
