Dear sirs,

Re. application number 2022/3791/P

In respect of a planning application by the leaseholder of the above premises, I object to the plans submitted for the change of use and over development of this fragile ancient building.

The UPPER maisonette has for the past twenty years been utilised as a letting operation for multiple sharers. Whether an HMO has been granted, I am not aware, but I believe that this residential aspect should be retained and protected.

Granting permission for conversion and extension of the property would result in a loss of this letting facility.

I hope you would agree that my points are both rational and valid and you will not grant this application for conversion.

Your Sincerely,

John Morris.
