2022/5079/HS2	S Cork	22/11/2022 13:17:50	INT	The list of roads in the proposal is incoherent, they do not connect together in an apparent followable path. TfL have extensive restrictions on STGO traffic travelling on and crossing the A501. It should be clarified what vehicles will be used to move the materials/equipment to and from the site as it may not be possible to do so without endangering the lives of the public and the drivers of the vehicles.
