2022/4060/P	S. Nix	17/11/2022 10:57:25	OBJ	I strongly object to the erection of this hot food kiosk. The proposed area is already too crowded, cluttered and always messy and 'cruddy' due to the pedestrian traffic, the Deliveroo and other food delivery people parked and hovering in the area, and the piles of trash that always seem to be present (looking at you Camden/Veolia!). In addition, why is this even necessary? There is the very welcome and practical Pret A Manger, the newly opened Perky Blenders, and Barista just across Finchley Road, to name but a few other options. Just inside the Waitrose entrance there is a vast collection of take-away sandwiches, wraps, salads and many other items. Yet another fast-food offering is certainly not needed, will only clutter up the area further and add to more trash nuisance. I also note that several of the questions/points on the application form about water management seem to be basic and not addressed properly or at all. I wonder and am concerned about the hygiene factor of this proposed food kiosk. Moreover, no 'green' options seem to have been taken into consideration, if I understand the information on the form correctly. Therefore, I hope you refuse this applications.
2022/4060/P	BM Shaughnessy	17/11/2022 16:54:04	OBJ	This application is for a static kiosk on the walkway outside Pret a Manger @ 219 Finchley Road. (Technically on Canfield Gardens). We object to this on the basis that it restricts a busy access route for bus, pedestrian and shopping traffic around Finchley Road tube station, is unsightly and overlarge (the dimensions provided in the application @millimetres do not give a true impression of size - the proposal is for a unit approx 9.5 feet high, 7.5 feet wide and 5 feet deep. This is a privatising of the public footpath, harming both the public realm, amenity for residents nearby and trade for local, rate-paying small businesses. Please refuse this application.
2022/4060/P	Diarmuid O'Hegarty	18/11/2022 17:26:56	OBJ	<p>Dear Sirs</p> <p>This comment is an objection on behalf of CRASH, The Combined Residents' Associations of South Hampstead. CRASH objects to the application to erect a hot food kiosk on the public footpath outside Canfield House on Canfield Gardens. The proposed kiosk would impede the pedestrian traffic on a footpath that has to accommodate pedestrians using Finchley Road tube station, the road crossing outside the tube station and the row of shops between the tube station and Canfield Place.</p> <p>The application gives the address as 219 Finchley Road. However, the application is to erect the kiosk on the public footpath on Canfield Gardens between the tube station and the bus stop. Finchley Road tube station is a busy station serving both the Metropolitan Line and the Jubilee Line. The bus stop serves the C11 bus and rail replacement busses if one of the tube lines is out of service. That stretch of Canfield Gardens accommodates busy traffic. A hot food kiosk with any customers queuing outside it would create a dangerous blockage on a busy public footpath beside a busy road. To approve the application would be reckless.</p> <p>Yours faithfully Diarmuid O'Hegarty Committee Member CRASH, The Combined Residents' Associations of South Hampstead</p>
