2022/2255/P	Daniel Adiego Gonzalez	20/11/2022 12:41:03	OBJ	<p>I have just read the response from Avison Young to my comments on the original proposal (included in Appendix 1 of GOSH Public Consultation Document ¿ Turley). It is completely inadequate.</p> <p>AY states that they do not know the location of my property. I gave this with my feedback ¿ if you provide us with a space to type our address, we will obviously assume that this will be passed on with our feedback. I live in a first floor flat in 31-35 Great Ormond Street.</p> <p>AY note that they discuss each property in turn in their report. This is true: our property is discussed. As my original comment stated, based on AY¿s report: ¿My natural light is going to be severely restricted, meaning I have to use electric lights during the day (according to the daylight report).¿</p> <p>AY has provided NO RESPONSE to my resulting concern. As my original comment stated: ¿I am a garden designer and often work from home on detailed designs. Doing this without adequate natural light is going to be very problematic and expensive.¿</p> <p>I believe the point of consultation is that comments need to be RESPONDED TO, not avoided.</p> <p>I would be grateful if AY could spell my name correctly next time. It is Gonzalez, not ¿Gonzalez¿. (For accuracy, my surname is Adiego Gonzalez ¿ both words are needed.)</p>
2022/2255/P	Gordon Adgey	17/11/2022 17:38:49	OBJ	<p>Dear Mr Marfleet</p> <p>Having attended GOSH CCC¿s ¿Drop-in Session¿ for the Community on Thursday 10th November, I saw no significant changes to the scheme to address my original objections.</p> <p>Specifically as regards Over Massing and Over Shadowing as regards the scale of the development; Severe Traffic Congestion on Great Ormond Street for 3+ years; severe Loss of Daylight to my and neighbours¿ property.</p> <p>To me it is an inappropriate development in a residential and conservation area, and I object to this planning application.</p> <p>Yours sincerely</p>
