Dear Council Planning Team,

I write this letter in support of the application put forward by Labtech to redevelop the market and bring new life to the area.

Being a market trader in the past 5 years, I strongly support this scheme and can't think of any objections.

The biggest and most exciting move from this scheme for me is the proposed opening of Dead Dog basin!

I cannot express how massive this will be for not only myself and my fellow traders but also Camden itself.

Opening the basin attracts new guests and offers a new attraction in the area for more regular attendees.

All of this means of course – you guessed it, a higher footfall in the market & happy market traders.

Please make this happen.

Sincerely,
Alon Shamir
