Dear Camden Council,

I am writing to express my displeasure about the planned expansion for the Children's Cancer Centre at Great Ormond St.

I am a student living in one of the flats at Bevan House, Boswell Street. The noise and pollution would cause a great deal of disruption to me and my fellow residents of Bevan House - many of whom are students as well.

We have just lived through a whole academic year (2021/22) of Bevan House being under renovations and construction, so we students know first-hand how loud and disruptive it can be, especially at a time when a lot of university content is still delivered online.

Please take this email into consideration.

Thank you,
Amy Storey
