Dear Daren

It has just come to my attention that my neighbour has made yet another excessive application for planning permission.

I was not aware of this because no public notices have been displayed. I understand that comments were requested by 10 November. It would be much appreciated if I were able to submit comments still - is that possible?

I strongly object to what has been proposed, not least because 7 Hilltop Road has already been extensively over-developed over the past 2 years.

Please keep my details confidential.

Kind regards

Jameela Bond
