Subject: RE: 2022/4293/P

Dear Mr.Greenhalgh,

With regard to the above planning proposal, may I respectfully point out that planning on this sight has already been refused, for very good reasons. The sight so close to the railway line is untenable, the negative effects on the adjacent park are socially unacceptable, and local feeling is against the proposal having already suffered prolonged upheaval in the establishment of the park itself, the surrounding housing, and sports facilities.

yours sincerely,

L.D.Lewis, ARCA
