2022/3740/P	Jonathan Byatt	29/11/2022 14:51:10	OBJ	Objection: the gymnasium is an essential part of the the Chalk Farm School. It is the place where exercise, sports, assemblies, meetings, concerts and other functions are performed. Without the gymnasium, and its conversion into class space, the opportunity to involve themselves in sport and sporting activities will be removed from the school. We are already seeing the consequences of a lack of exercise coming out of the recent years of lockdown upon younger children and teenagers. These health impacts I largely due to lack of activity and exercise. Removal of the gym will take away 1 further area and opportunity for exercise for the majority of students. As a community, the area supports exercise among students and also the availability of a gymnasium which can be used by the area itself.8
