2022/4865/P	T W Cohen	01/12/2022 19:32:56	OBJ	<p>The properties on the north side of Chesterford Gardens have a distinctive sloping wall which has been adhered to in most cases. The developers of No 1 Chesterford Gardens have failed to take account of this fact. This planning application needs to take cognisance of the visual integrity of the sloping wall along Chesterford Gdns.</p> <p>Previous planning decision have upheld the need to retain the visual aspect and integrity of the sloping walls. There is no rational case to allow failure to abide by the historic perspective of the walls.</p> <p>I, therefore, trust that the Committee will reject this application and enforce the requirement that the walls be rebuilt in line with the existing design along Chesterford Gdns north side, and in accord with earlier Planning decisions.</p>
