2022/5079/HS2	Asha Lad	03/12/2022 11:46:07	OBJ	I live in on Peto Place and Albany Street which is almost totally a residential street. The increase of lorry traffic for construction of HS2 is completely unacceptable - both for the noise and the pollution..... which is particularly bad as many of the lorries being used are clearly not abiding by the pollution standards necessary today. It is essential that either the route is changed or that the lorries which are used are not diesel or petrol charged. Please lodge my firm objection to this transport plan for HS2
2022/5079/HS2	Dr C. Collier	05/12/2022 08:41:32	OBJ	I have a residence in Peto Place, Albany Street which is almost totally a residential street, with a number of local schools. The increase of lorry traffic for construction of HS2 is completely unacceptable. - both for the noise and the pollution.....which is particularly bad in central London. It is essential that either the route is changed or that the lorries which are used are not diesel or petrol charged. Please lodge my firm objection to this transport plan for HS2
