2022/5165/T	s. i. royston	02/12/2022 12:04:33	OBJ	<p>I object to the removal of Leyland Cyprus trees from T7 to T13. These were planted 15 years ago to create greenery and privacy between 21 and 20 Well Road. Their removal from the street landscape would replace a pleasant green amenity that currently softens acoustics and provides beneficial and natural rainwater drainage.</p> <p>To replace the trees which provide natural screening with concrete and stone is likely to have a detrimental effect on number 21 Well Road, and it will certainly change the public street view from greenery to a blank space.</p> <p>It seems unnecessary eco-vandalism to remove trees to facilitate the digging of a new staircase when a staircase to the property already exists on the opposite side of the garage.</p>
