| 2022/4551/P | Peter Kenyatta | 06/12/2022 10:20:54 | OBJ | <p>I live at 62 South Hill Park, NW3 2SJ and I object in particular to one aspect of the proposed works at 60 South Hill Park. This is the plan to construct a ground floor extension at the rear along the boundary garden wall between my property and 60 South Hill Park. The plans as submitted show a significant rise and extension of this wall which will have a seriously detrimental impact on the light reaching my patio. The plans do not specify what this room might be used for and show a series of windows at roof level overlooking my property which will clearly be intrusive and a source of noise pollution. I do not believe the plans accurately show the current profile of the party wall and in the first instance the architects need to provide greater detail as to what is proposed and involve in proper consultation. I therefore object to this proposed garden extension which will in any case depend on reaching a party wall agreement</p> |
