Date (must be pre-application submission) 09/09/2022 Details of the pre-application advice received Date: 02/11/2022 Our ref: 2022/3873/PRE Contact: Alex Kresovic Direct line: 02079743134 Email: Alex.Kresovic@camden.gov.uk Recommendations It is considered the change of use could be acceptable, provided the necessary information is provided. The proposed alternations would be uncharacteristic harming the character and appearance of the host building, and the roof extension would result in an incongruous addition altering a largely unaltered roofslope and would not be supported at application stage. Changes to the design approach on the front elevation, and relying on reconfiguration of interior spaces may allow the changes to the uses without the need to the extensions, and so overcome these objections. Please see Appendix 1 for supplementary information and relevant policies. If you have any queries about the above letter or appendix 1, please do not hesitate to contact Alex Kresovic (020 7974 3134) Please Note: This document represents an initial informal officer view of your proposal based on the information available to us at this stage and would not be binding upon the Council, nor prejudice any future planning application decisions made by the Council. Thank you for using Camden's pre-application advice service. Yours sincerely, Alex Kresovic Senior Planning Officer Planning Solutions Team **Authority Employee/Member** With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member It is an important principle of decision-making that the process is open and transparent. For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
