2022/4911/P	Melih Odemis	12/12/2022 11:03:14	OBJ	<p>Dear Camden Planning Solutions Team,</p> <p>We kindly object to this planning application. 17 Chesterford Gardens is a multi-flat apartment building with 17B and 17C being 17A's upper neighbours, and us as their adjacent neighbours. This small extension of the basement will create much more disruption in all neighbours lives, with comparably very little benefit for the new owners of 17A.</p> <p>More than that, we were informed by habitants of 17A and 19, that there were subsidence / underpinning histories of these buildings, although we couldn't reach or find any proof of that, as the access to these reports are not public.</p> <p>We kindly ask for the rejection of this application. Kind Regards</p>
