#### Informative(s):

- 1 Reasons for granting permission/consent-

The proposal is for the display of externally illuminated fascia lettering, 1x externally illuminated projecting sign and 1x retractable canvas awning. The fascia lettering and projecting sign will have suitably low illuminance levels, at 350cd/m<sup>2</sup>. The proposed signage is considered to be acceptable in terms of its size, design, materials and location.

The proposal is considered to preserve the character and appearance of the Charlotte Street Conservation Area. Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

The proposal would not cause any adverse impacts on the amenity of adjoining residential occupiers in terms of loss of light, outlook or privacy.

No objections have been received prior to making this decision. The planning history of the site has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies, D1, D2

and D4 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2021 and the National Planning Policy Framework 2021.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.
