2022/5357/T	BG Resident	20/12/2022 11:08:15	SUPPRT	I've just had a neighbour knock in a rather agitated manner to vent her frustration at the danger of the overhanging tree at the corner of Broadhurst Gardens/Canfield Gardens - and I'm in full agreement. I therefore support the trimming of this tree, which blocks a no entry road sign next to a 3-way zebra crossing (and whilst the road layout and common sense would tell you, you can't drive down this road, cars occasionally try and cyclists often do!). The overhangs also means only one person can walk on the pavement and if you're tall you have to duck to avoid the branches.
