Subject: RE APPLICATION 2022/3234/p

The above application has been lodged for comments by nov 5 2022

However I was on holiday at this time .

I am a resident owner in flat 6 8 hampstead hill gardens

The notice only mentioned roof works at 8 a Hampstead hill gardens

However we have recently received a party wall surveyor letter asking if we approve or dissent to the works .

Now the works they describe include digging under our foundations – on this current application - which you

Would not realise just reading the application posted

Of course the owners of 8 hampstead hill gardens ltd who are the in effect freeholders

With 1000 year leases have dissented from this work .

But my question how does an application for work to the roof of 8 a hampstead hill gardens

Include work to dig under the foundations of 8 hampstead hill gardens ?

This does not seem right

We object therefore on behalf the owning freehold company of 8 hampstead hill gardens ltd

Regds
