The Council has considered your application and decided to grant permission.

Informative(s):

1 Reasons for granting

This application seeks to discharge condition 6 of planning permission reference 2021/4247/P, dated 23/12/2021. The condition requires the submission of a management plan for the roof terraces, in order to ensure that the amenity of occupiers of surrounding premises is not adversely affected by noise or disturbance.

The submitted management plan notes that the terraces would not be accessible to the general public and would only be used between the hours of 8am and 9pm during the week and at no time during the weekend (which is in accordance with the requirements of condition 7). It also notes that no amplified music or noises shall be played from the roof terrace and that the management company of the building shall provide neighbouring properties with contact information to enable contact from neighbours to the building, if required.

As such, the submitted details are sufficient to preserve the amenity of neighbouring residents and are in general accordance with Policies A1 and A4 of the Camden Local Plan 2017.

- 2 You are reminded that condition 5 (lighting strategy) of planning permission 2021/4247/P, dated 23/12/2021, still requires details to be submitted and approved.

Details relating to condition 4 (landscaping) have been submitted (application reference 2022/5560/P) and are pending determination.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.
