

<b>Application No:</b>	<b>Consultees Name:</b>	<b>Received:</b>	<b>Comment:</b>	<b>Response:</b>
2022/0528/P	Shirley Skeel	04/01/2023 12:42:29	OBJ	<p>Camden and David Fowler earlier indicated they would stop taking comments through this online form on the "Comment on a Planning Application" page.</p> <p>However it seems these comments are going through. I just wanted to check by submitting this.</p> <p>But: PLEASE NOTE that of the 120+ (?) comments of support for the Landsec plan that appear on your Case File site, MANY of them do not have a full name or a full address or even live in the area. I do hope that you will only be accepting comments that are made by people who have submitted all their details. As you know Landsec is soliciting support from people on Facebook and in flyers by giving them misinformation about their plans.</p> <p>If you do not represent these numbers of objections vs support correctly to the members of the planning committee and you try to suggest there is 100+ people supporting the scheme, we will make sure that the Councillors are aware of this deceit. This scheme is an atrocity, as you well know.</p>
2022/0528/P	Charlie Wake	04/01/2023 20:16:27	APP	In an already busy area with local public services stretched, if the council has any concern for their residents this will be rejected out of hand.
