2022/4791/P	Richard Farr	04/01/2023 16:09:14	SUPPRT	<p>I have lived at 8 Oak Hill Park Mews, NW3 7LH since 2004 and love this location. I knew the previous owners 4 Oak Hill Park and visited it several times. I consider these proposals to be a wonderful contemporary interpretation of the current house and that they rectify several of the flaws in the old design whilst respecting indeed enhancing its standing. The removal of the elevated section to the west which was ugly and dominant and replacing it with a cohesive design solution is most welcome.</p> <p>The massing is excellent as is the choice of finishes.</p> <p>Given the size and importance of the site, I welcome the relative modesty of the scale of development. This will create a super family home of an interesting and attractive design which will contribute positively and enhance the surrounding area.</p> <p>I whole-heartedly support and welcome this application.</p>
2022/4791/P	lisa Ronson	04/01/2023 10:16:13	SUPPRT	<p>The new proposal is a great improvement on existing property. The reduction to 2 floors will benefit the views from neighbouring flats and creates a much more attractive building. The design appears to respect and recognise the styling of the existing house and surrounding properties, while providing a new modern dwelling. i support the proposal.</p>
