Subject: erection of parapet at Flat 5 28 Well Walk NW3

[REDACTED]

Dear Sirs
Re: Planning Application 2022/3884/P/ Flat 5 28 Well Walk NW3

I wish to register my objection to the proposal of January 3 that permission should be given that a new parapet should be erected on the rear elevation of the facade of the building by Flat 5. I cannot see a good reason for this and it could affect areas carrying guttering and drainage pipes.
