Subject: planning application ref: 2022/3884/P OBJECTION

[REDACTED]

As a long-time residents of Christchurch Hill we strongly object to the planning application made for Flat 5, 28 Wall Walk - ref 2022/3884/P.
Our objections are based on the consequent increase of light and noise pollution, of being more overlooked, and because the appearance would be out of character with the area.
