Please choose one

Objection

Do you have any comments or consider that the proposal is harmful to or does not preserve the character and appearance of the conservation area?

We understand that objections to this type of Prior Approval application may only be opposed on certain grounds. On aesthetic grounds the MCAAC object to this proposal and would on any siting within the CA. This is both totally out of keeping with the area in its industrial appearance and does not in any way preserve or enhance the CA.
