1 Introduction

- 1.1.1 This supplementary information is provided following a request from London Borough of Camden (LB Camden) officers during a meeting held on 14.12.2022, during the determination of the Schedule 17 (Interim) Lorry Route Submission.
- 1.1.2 The supplementary information lists out the sequence of roads which form each lorry route, as depicted on the corresponding plans.
- 1.1.3 As per the condition imposed by LB Camden on Consent 2021/4406/HS2, HS2 Ltd is willing to accept a condition that no part of A400 Camden High Street or A503 Camden Road (west of its junction with A400 Camden Street) shall be used by any Large Goods Vehicles (LGVs), unless otherwise agreed in writing with the local planning authority or as directed by any road or traffic diversion. The alternative route from the north is via A503 Camden Road, A400 Camden Street, A400 Oakley Square, A400 Lidlington Place and A400 Hampstead Road; these are all part of the Transport for London Road Network (TLRN).
- 1.1.4 As such, where listed the use of the Transport for London Road Network (TLRN)* does not include A400 Camden High Street or A503 Camden Road (west of its junction with A400 Camden Street).
