2022/5242/L	Pedro Ramos Pinto	13/01/2023 17:38:28	OBJ	I would like to register a concern regarding the impact of the internal alterations proposed in this allocation on a listed building. While the external refit of the shop frontage and signage is absolutely fine, the application also proposes a major structural alteration to the inside of the building, including the removal and replacement of the staircase. This is an irreversible intervention in the fabric of the building, and its necessity should be carefully considered.
