PLANNING APPLICATION: 2022/5446/P

I wish to object to both the process and content of this planning application which I believe will be considered by Planning Committee on 30th January.

The Application is retrospective in that it relates to facilities already built and already objected to in previous applications relating to this site. The catering facilities involved will need to be serviced via Adeline Place and that will have a negative impact on a quiet residential area adjacent to the Bloomsbury Conservation Area.

The developers are also appealing against a previous decision and this must be denied. They are in gross breach of the original planning consent and are treating both the Local Authority and local residents with cynical contempt.

In this situation the Planning Authority has to enforce the regulations and to stand up for local residents.

Yours faithfully,

DR SEAN GLYNN
