

General

1.1 This drawing is to be read in conjunction with all Architect's, Engineer's and Services Engineer's drawings and specifications.

1.2 Do not scale from any of the structural drawings. All dimensions to be verified on site and any discrepancies should be highlighted.

1.3 The contractor is responsible for the stability of the building and adjoining structures during construction and shall design, install, adapt and maintain all necessary propping and temporary works. A method statement for the temporary works must be submitted to the contractor administrator for comment before work begins.

1.4 All materials to comply with the relevant British Standard.
