2022/4544/P	L Nutman	19/01/2023 12:07:12	OBJ	<p>Is there really a need for an another eatery in this residential area where parking is only restricted for 2 hours per day from 10-12 on one side of Fortune Green Rd. Residents on the Greeks Rds where the restrictions are only 2 hours per day struggle enough to park their own cars on the streets with cars generated from people parking for the gym, hairdressers and other local businesses who are all pushed this side of Fortune Green Rd. There is already fish and chip shop opposite the site where people pull up to jump out of cars and block Fortune Green or park on the pavement on Achilles Rd. The site corners Burrard Rd which is a narrow street where traffic gets logjammed due to only one direction being able to be used at once. The site and exterior seating is too dominant for this neighbourhood and the noise and extra traffic generated from the outside seating will be very disturbing for residents nearby and not give a unique amenity that the area does not already have</p>
