

# Glenilla Road

Non Material Amendment  
26 January 2023

**ADAM KHAN ARCHITECTS**

## Reporting Structure

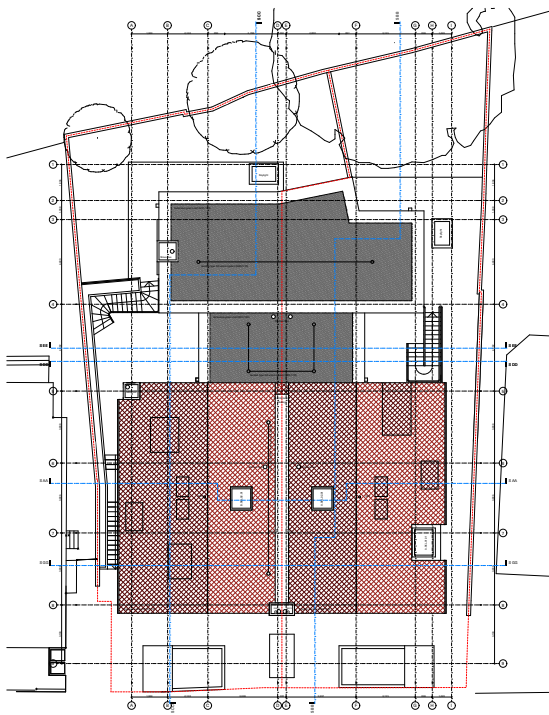

This report highlights the proposed amendments to the consented application no 2016 6712 P.  
The proposed changes are due to design and programme refinement.

## 1.1 Roof

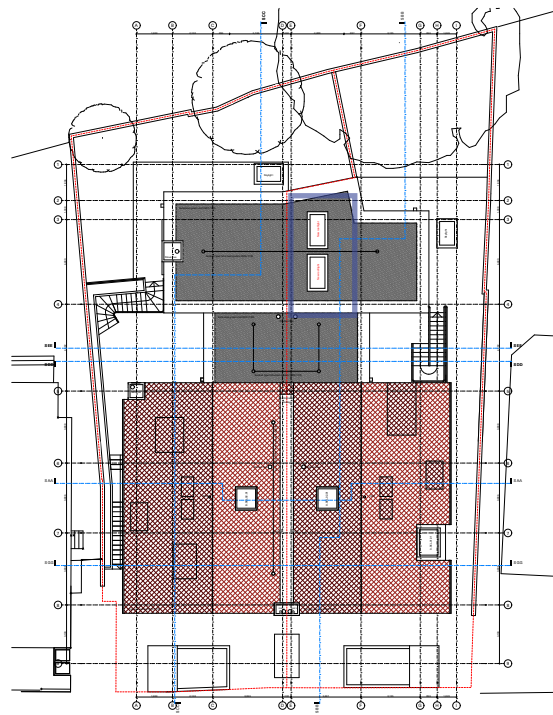

Two new rooflights are proposed for the rear extension roof. These will bring natural light to the darkest area of the ground floor living space.

## 1.2 West Elevation

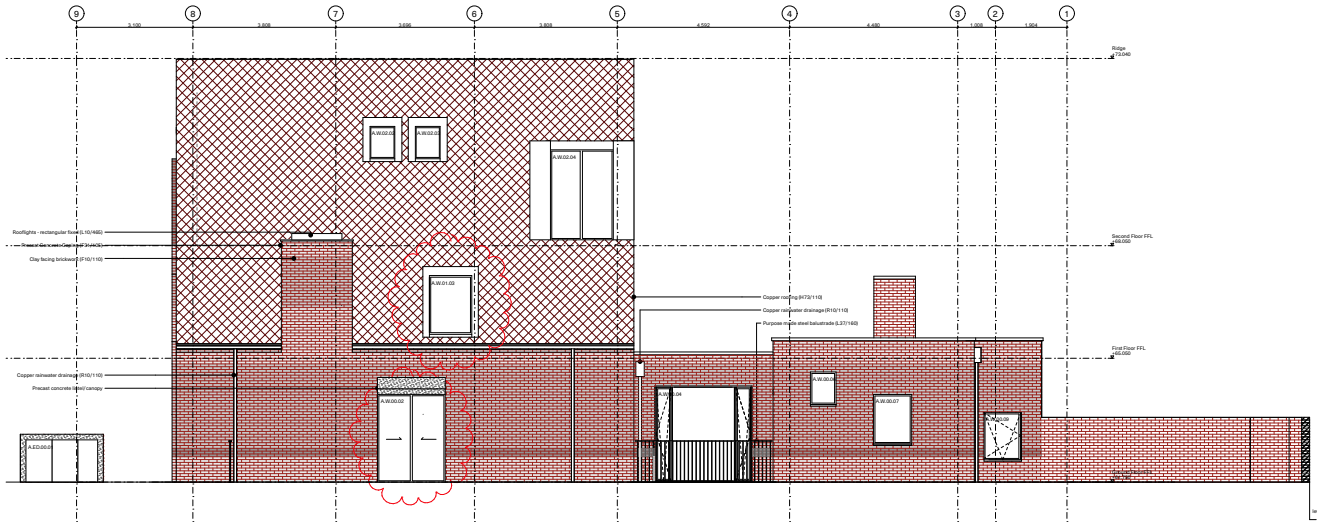

The ground floor kitchen layout is rationalised leading to the repositioning of the ground floor kitchen flue to the western elevation. The ground floor living room windows towards west are consolidated into a single larger window.
