1. ADVERT

Assistant Coroner for Inner North Coroner

Salary – fee paid, £479 per day, in line with the JNC Coroners Circular 66

Closing date: 19th February 2023 23:59

Camden is seeking to appoint up to two new Assistant Coroners to support the Senior Coroner for Inner North London across the full range of coroner duties in order to deliver a high-quality coroner service to the people of Inner North London. The appointments will be permanent and will include on call out of hours working.

The Assistant Coroners will be based in the Inner North London dedicated courts and offices. These are at St Pancras and Poplar, and soon to be at Bow. Office opening hours are 8am to 4pm, but court may run to 4.30pm and sometimes later.

In the first three years after appointment, the successful candidates will be expected to concentrate upon hearing jury inquests at Bow. These are likely to be two, three and four weeks long. The successful candidates must have sufficient familiarity with jury inquests to be able to undertake the planning and hearing of these complex cases competently and confidently.

About the post:

Camden is looking for exceptional candidates with excellent proven organisational, management and efficiency skills, as well as experience of exercising sound judgement and communicating effectively. You will work closely with the Senior Coroner to ensure value for money, performance and financial efficiencies.

You will be required to demonstrate knowledge and experience of Coroner law and of basic medicine, have proven skills in conducting investigations and an understanding of court procedure. You will also need to demonstrate the excellent communication and interpersonal skills necessary to deal with sensitive situations.

The successful candidates will be required to carry out the duties and responsibilities of a Coroner as defined in the Coroners and Justice Act 2009 and associated rules and regulations and as further described in various guidance issued by the Chief Coroner.

These are fee paid positions although they are likely to involve a regular commitment, which is to be agreed between the Assistant Coroners and Senior Coroner. You will be expected to be available to assist on an out of hours rota system.

It is a Coroner's personal responsibility (and not that of his/her clerk/secretary) to ensure that they sit when possible. The Chief Coroner and the Lord Chancellor expect an Assistant Coroner to offer a minimum of 20 sitting days each financial year. However, it is recognised that there is a variance of workload in each area.

2. CORONER SERVICE INFORMATION

Area information

The Inner North London Coroner area includes the London Boroughs of Camden, Islington, Hackney and Tower Hamlets, an area of approximately 30 square miles with a current population of around 1 million. In 2021, there were 2,547 deaths registered and 614 inquests held.

The Coroner area contains many national rail, underground and overground railway stations; plus Docklands Light Railway, St Pancras International Railway Station policed by UK Border Force, and Cycle Super Highways.

The local prison is HMP Pentonville. Hospitals include the regional trauma unit with helicopter landing at the Royal London Hospital, University College London Hospital, Great Ormond Street Hospital for Children, the National Hospital for Neurology and Neurosurgery, Homerton University Hospital, the Royal Free Hospital and Whittington Hospital, as well as numerous psychiatric units.

There is a large transient population including foreign nationals. The area contains the largest population of Hasidic Jews in Europe, and the borough with the largest proportion of Muslims in the UK. Members of both of these communities are often very keen to bury on the day of death, or often seek to quickly repatriate the deceased abroad.

Post mortem examinations are conducted at the boroughs' four public mortuaries and some hospital mortuaries. Forensic and paediatric pathology services are available within the area, as is post mortem CT scanning. All the local hospitals provide medical examiner services. Accommodation, contracts, tendering, finance, and support staff are managed by the Coronial Services and Business Development Manager, who is employed by Camden Council in the Public Safety Service.

Daily operations and accommodation

The service and all staff are located in dedicated accommodation at the St Pancras and Poplar Coroner's Courts, with an additional Coroner's Court for juries to be opened at Bow.

The courts and offices are open Monday-Friday 8am to 4pm (but with inquest hearings often running later). Camden administrative support staff are responsible for answering incoming calls.

Currently, the expectation is for 12 Coroner's officers to be provided by the Metropolitan Police Service. In addition, there is a Coroner's officer manager. The Senior Coroner, Assistant Coroners and Coroner's officers are supported by four administrative staff employed by Camden Council.

Accommodation, contracts, tendering, finance, and support staff are managed by the Coronial Services and Business Development Manager, who is employed by Camden Council in the Public Protection and Community Safety Service.

Dates for inquest conclusion are listed as soon as inquests are opened, for *non* jury inquest hearings usually within the required six months. In 2021, the average time from death report to inquest conclusion was 21 weeks, the lowest in London.

However, without the physical space to hold *jury* inquests at St Pancras and Poplar during the pandemic, a very large backlog has accrued. The intention is that, as soon as Bow Coroner's Court is ready to open in mid March 2023, the juries will be heard there. The backlog of jury inquests is likely to take three years to hear and the Assistant Coroners will play a crucial role with this.
