2022/4725/P	Liana	30/01/2023 12:47:38	INT	Hello we are currently in a very friendly discussion with our neighbours at 14 as to whether their planned side dormer will block sunlight to our garden at no.16 in the summer months. Their architects are investigating and so pending investigations we may want to implement a BRE - we are working this all out with the applicants however I just wanted to make a note that this discussion was ongoing before the comments closed. With our thanks, no.16
