2022/0706/P	Pearce	02/02/2023 11:00:57	OBJ	<p>We feel that the proposed increase in 'terraces and balconies' to all levels from basement to third floor on the rear elevation will of course impact neighbours in terms of privacy and overlooking and increased noise during the summer months and is rather overloaded and excessive in design.</p> <p>However we do support the renovation and improvement of this building and do feel that the proposal appears to be of good design and quality and will very much enhance the area.</p>
