2022/5511/P	mary kelly	02/02/2023 17:18:37	COMMNT	<p>I have listened to the proposal by the architects for this planning application, and have done my own research into what they propose for the almshouses. The architects have a very good track record working on listed buildings in a sensitive way. What they propose is environmentally sound and sustainable and this is a very important consideration given the cost of heating and the climate crisis.</p> <p>My hope is that this planning application will be granted and that work will commence as soon as possible.</p>
