[REDACTED]

I object to the proposed 5 storey 78 bed care home being built on this site.  
5 storeys is far too high and will block out the light to local residents.  
There will be a parking problem in the area. Staff will need to park ,visitors and doctors and nurses only 8 parking spaces will be provided.  
Who will be responsible for the open space there could be a security problem

Kind Regards,  
Wendy Shale
