Dear Madam,

The Building Act 1984 and the Building Regulations

Application No: 21/2/01632
Site Address: Flat A, 74 College Place, London, NW1 0DJ
Description of Works: Proposed works to change window in kitchen to a door leading out onto the garden in order to provide better access to garden and better ventilation to the flat. The door and top light proposed would be the same height and width as the original window. Materials would be uPVC or timber, depending on decision of the council. An internal radiator would also be relocated from current location under the window to opposite side of the room.

Please find enclosed the certificate of completion of works in relation to the above application.

Camden Building Control is committed to improving the services it provides to its customers. To do this, we need to take account of the views of those who use these services. We should be grateful if you would indicate your views; whether or not you are happy with the service you received. Please fill in the survey online (using the link contained in the covering email). All answers are completely confidential and the results will be published periodically on our website.

I would like to thank you for using Camden's Building Control service.

Yours faithfully
