Dear Sir / Madam,

Planning Application -
Mansfield Site
NO. 2022 / 5320 / P.

I support the application for a care home on the site, but with the following provisos:

① a home of about half this size to provide a more homely environment,

② as much space as possible for a beautiful garden: good external planting is so important for both residents and their families and friends,

and ③ on-site parking: our streets are already over-stretched with visitors to the Heath, to schools, to the market. Would this need to be underground?

Yours sincerely,
Shean Freudenthal
