I write in relation to the planning application for 56-58 Fortune Green Road.

I would like to register objection to the proposed area to seat 30 occupants outdoors. This will be obtrusive and the proposed type of coverings do not appear like it will be good quality. There does not appear to be mention of opening hours - given the area is residential, and the history of the Shisha bar/cafe that was shut down in 2014, I would hope that hours would be limited to early evening.

There should be an agreement on waste disposal as the council policy currently is that people leave their rubbish by the black post on the corner by this property. There is often large amounts of rubbish/flytipping - there should be a provision agreed for this business to have a specific waste management policy - the size of the proposed extension would also narrow the area to the footpath where the rubbish is left, this already causes issue for pedestrians having to walk around it, they would end up possibly having to go on the road if this rubbish site remains and the outdoor area is approved.

The previous Shisha/Cafe caused issue with customer parking in the area on the footpaths etc and late night noise.

If this applicant is proposing a Shisha it should be Refused due to the problems that would arise as before.

Regards,
Please redact my persona details and email.
