2022/4794/P	hugh cullum	12/02/2023 13:58:28	OBJ	<p>The small sections of 'mansard' roof which are proposed at either end of the existing front terrace would be visible from the street, appearing simply as 'boxes' either end of the terrace. This would look incongruous as the result would be neither a terrace (invisible from the street) nor a proper mansard which would be full width with two dormers. On this basis we object to this proposal as it would cause harm to the streetscape and the character of the CA.</p> <p>Hugh Cullum</p> <p>for BCAAC</p>
