2022/5418/L	Christiane Ten-Hoopen	12/02/2023 13:47:57	COMMNT	<p>Dear Colette Hatton,</p> <p>The existing lift was adequately screened with half height metal screening. However, the new proposed lift projects significantly above these screens and is thus not adequately disguised, as the new proposed enclosure is a simple glass box with metal frame and quite inappropriate for the interior of this building. We suggest that the screening should be replaced with new of an adequate height, or, even better, the new lift should project up into the room the same amount as the existing. As the proposal stands I object to this application on behalf of the BCAAC.</p> <p>Christiane Ten-Hoopen</p>
