2022/5263/P	Tom Castle	20/02/2023 11:38:29	COMMNT	<p>Any reference to a new Euston Station interface should be ignored as the proposal only has a life of 5 years, and any new station will not be open and finished, if it occurs at all, will not co-inside with this proposal's life-span. Presumably there will be a different approach for multiple such possible proposals if a new station interface actually comes about.</p> <p>This corner (Eversholt Street and Phoenix Road) is now busier than ever due to the re-housing of the food-bank in the old school building.</p> <p>The application was constructed before it was clear that HS2 was stalling and cutting costs, and that food-banks were expanding due to our cost of living crisis.</p>

There are plenty of empty plots in Somers town more suited.</p> <p>There is also a new coffee shop nearby (amongst the St Richards House shops) set up during Covid do we need another so close?</p>
