Building
Design

<p>Notes</p> <p>This drawing remains the property of Charlton Building Design and must not be copied or otherwise reproduced. As long as the Company has received the payment of any fees properly due and owing, the Company grants a licence to the client to copy and use the documents for the purposes of the project only (excluding any extension of the project). The Company is not liable for any use of the documents for any purpose other than that for which it is prepared.</p> <p>Important information</p> <p>It is the contractor's responsibility to check and verify all dimensions, levels and sewer invert levels on site prior to commencing works. Any discrepancies should be relayed in writing immediately. No dimensions to be scaled from this drawing for the purpose of construction. All details are subject to full opening-up on site. The contractor is solely responsible for the design and carrying out of all temporary works on site. Work should comply in all respects with current Building Regulations and latest Codes of Practice. This drawing must be read and checked with all structural engineer's specifications and relevant specialist drawings. Structural engineer's calculations to supercede guidance notes.</p>	revisions:		Project: 95 REDINGTON ROAD, NW3 7RR	Date: 27/01/23
