

**PETITION OPPOSING PROPOSED TELECOMS EQUIPMENT
ON CRESTVIEW**

We, the undersigned, strongly object to telecoms equipment being placed on the roof of Crestview, 47 Dartmouth Park Hill.

Crestview, a residential block of 18 flats, lies within the Dartmouth Park Conservation Area and is adjacent to St. Mary Brookfield Church, a Grade II* listed building. Both buildings sit on the skyline of Dartmouth Park with roofs of equal height.

Any telecoms installations on the rooftop would:

- rise above and dominate the heritage building of St. Mary Brookfield
- detract from the setting and appearance of the church
- be wholly disproportionate and not in keeping with the area
- protrude the skyline for miles around
- harm the views from far and wide, including Hampstead Heath
- destroy the character of the conservation area
