2023/0750/T	CRASH	24/02/2023 13:16:57	OBJ	<p>CRASH strongly objects to the felling of this mature tree in the rear garden of 113 Canfield Gardens.</p> <p>The tree is subject to a TPO - one of three lime trees in the rear garden of 113 subject to TPOs. This fact is omitted and is therefore an error in the application form. I believe the other two lime trees protected by TPOs are in the other half of 113 Canfield as the garden is split into two.</p> <p>A previous application to fell this tree was rejected by Camden in 2011 where Camden noted the high level of visual amenity it provides and damaged areas of walls can be rebuilt to accommodate the growth. Please see decision notice in 2011.</p> <p>As such CRASH trusts that Camden's position will be maintained and in light of Camden's pledges regarding the Climate Emergency the protection of this mature tree has only been strengthened.</p> <p>The trees in the rear gardens of properties in the South Hampstead Conservation Area are specifically reference and noted as important in the Conservation Area statement.</p>
