Dear Mr Forlwer, I am writing to you to show my support for the O2 Centre Masterplan proposals (planning reference 2022/0528/P).

I support the proposals because the current development does not make efficient use of this site and regeneration with a worthwhile mix of uses and less dependence on the car make sense as a long term solution here.

Yours sincerely,

Robert Hume

Dear David ,

I am a regular user of the O2 , going to Virgin active 6 days a week , which is very useful as there are large gyms like it , near me being close to Camden , there are lots of small gyms where there is no sense of community and no classes that I appreciate very much .

Also parking the car , and buying fresh food almost everyday , which is very healthy for the family .

I am quite sure if the gym closes I will be not so healthy at all and hence my family aren't too .

London is so congested already, I in my humble way not sure how the new residence are going to live and bringing even more pressure on National health and so on .

Hope there would be more consideration on making this decision, I hope you can only imagine if these properties are built and their impact on rest of us .

Sorry for taking your time .

Warm regards ,

Fariba Namaki
