Hi David,

I am writing to support the O2 Centre proposals for the planning reference number 2022/0528/P.

I am most excited about having better connections between Finchley Road and West Hampstead - currently, you either have to go a long way around, or you have to use the unsafe Billy Fury Road, or go through parking lots with no clear pedestrian routes.

I also believe this will help boost local economy, and improve the way we interact as communities with local vendors and businesses.

I hope the plan for improving the O2 Centre and surrounding area goes ahead as soon as possible!

Kind regards,

Anna

Hi David,

I hope you are well. I am a local resident and writing to support the O2 Centre proposals for the planning reference number 2022/0528/P.

I live off Hampstead High Street in the area and regularly visit the centre for the gym, shopping and then West Hampstead for the dentist.

it is currently a scary, congested route for a single woman to travel down. Improvements to the area would hugely benefit regular users of the area.

we are also trying to buy a flat in the area and it is unaffordable even though my husband and I are on good salaries. We would be interested in the housing built here

finally, this proposal will meet the NPPF policies to use brownfield, LHN targets and cycling routes

I sincerely hope this is approved

thanks

Yours sincerely

Anisha Patel
